The Seagate Fast SSD is perfect for personal, on-the-go storage. This lightweight and stylish external SSD can store up to 2TB of your favorite photos, videos and must-have files. Plus, the fully reversible USB-C cable means hassle-free connectivity with an ever-increasing number of USB-C compatible devices. The Seagate Fast SSD also has some of the fastest read/write speeds around—up to 540/500MB/s. Take advantage of the folder syncing feature which monitors a target folder for any file additions, deletions or modifications.

Smart looks. The meticulously crafted Fast SSD is sleek, lightweight, and shock resistant. It can withstand anything the commute can throw at you.

True speed. With maximum sequential read/write speeds up to 540/500MB/s, you'll be able to work on any project, at any time, directly from the Fast SSD. Included formatting tool lets you optimize your drive for max performance, or cross-OS compatibility.

Future-proof with USB-C. USB-C is steadily gaining acceptance and usage. And Fast SSD is helping to set the stage. Equipped with USB-C technology, enjoy the fully reversible USB-C cable for hassle-free connectivity. You can also use an included USB Type-C to Type-A cable for compatibility.

Convenient folder syncing. Mirror your files and projects with the included folder-syncing software. You can have a designated folder monitored, so that your Fast SSD will automatically keep up with the latest changes to your files.
